MID SUMMER AUCTION Saturday 29th June

In March this year a deficit in Yatton Moor Accounts was noted and a meeting was called to plan an event to raise funds. Several meetings later, with so much enthusiasm and generosity shown, it was amazing; the day approached. The weather was great, the grass was cut, John Hazell's big marquee was erected, Mike Dowling's 'PoP Up Pub' was inflated, Anita and Richard Simmons had arranged our Auctioneer Andrew Clements, what a sense of fun! JP Humberstone with a team of helpers from Yatton took charge of the Barbecue. John Hayden with Nigel Burnett ran an excellent bar serving local cider etc. Ann Holtham did the hot drinks. Marianna and Sue Lang welcomed 'bidders' Caroline Harris with her team of Cashiers did all the clever computer stuff.

Most importantly - so many, many people, had been so generous in offering fabulous Lots for both the main Auction and a Silent Auction - a total of over 100 Lots — and then along came the bidders.

The outcome, a stonking great profit, *so far*, of £7,878.50 (and rising). And so much fun - friends from all the villages in the Team united for a most enjoyable evening with sunshine, burgers, wine, beer and laughter.

The amount of work involved was tremendous. So many people helped, that it is impossible to name them all, but

WHAT A RESULT!

THANK YOU ALL

John Ball and Sue Thomas,
Churchwardens Kenn and
Kingston Seymour

Bird News

No sooner had I written that I hadn't heard a Cuckoo locally last month than a walk along the Strawberry Line at Congresbury produced one, heard but not seen. Andrew Croxton reported what is likely to have been the same bird mid month. Meanwhile, Robin and Marianna Mackay heard a Cuckoo in the Nailsea Moor area so it seems that they are just hanging on in our area.

Swallows still seem to be scarce generally, but as is often the case some sites are reporting good numbers. Swifts and House Martins appear to be much as normal. A friend erected a House Martin nest cup in Yatton to find that it was occupied within 12 hours! Note that this was in an area with a colony of House Martins though.

Yacwag has one active and one failed Barn Owl nest in its boxes plus a live Kestrel nest. It doesn't seem to be a good year for Barn Owls although Rob Treble saw one along Nailsea Wall one evening.

A trip to the sea wall early in the month produced a delightful brood of 14 small Shelducks. There were still seven Whimbrel present but 18 Curlew were probably returning failed breeders. Two Bar Tailed Godwits could have been late migrants or early returners.

The Lapwings are still attempting to nest on maize fields in Kingston Seymour but an experienced Ecologist thinks that they are unlikely to succeed even if the Crows and Gulls don't predate the nests. Young Lapwings are not fed by their parents so there needs to be a good supply of invertebrates in the area where they hatch and apparently arable fields rarely provide this Whilst surveying for Lapwings a Hobby flew over, capturing a dragonfly as it did so. Bryan Thompson also saw a Hobby over Kenn Church so they are likely to be nesting not too far away.

Rob Treble passed grass cutting activity in Ham Lane which has attracted Buzzard, Kestrel and a Red Kite. So thanks to all contributors this month, it's good to get your news of sightings and to be able to pass them on in a News and Views.

BROADBAND UPDATE

Andy Moore, Regional Manager of TrueSpeed Communications Ltd – writes

Currently, we're estimating a March to April 2020 timeframe to be connecting Kenn, although this is subject to change. The next steps are: later in the summer, early autumn TrueSpeed will be encouraging anyone who hasn't signed up, but may be interested, to sign up and qualify for their free installation before the funding is drawn down from our investors to finalise the build plan into Kenn.

TrueSpeed are planning to minimise the need for digging by utilising existing power and telegraph poles wherever possible.

In the meantime, Gigaclear are doing more work on Moor Road, with a road closure for the first week of July.

KENN W.I.

Rev. Jo Stobart came to talk to the Kenn W.I. at the June meeting.

It was fortunate that we had asked her to come in June because in September she and her family will be leaving us to take up a post in Ilminster. We all wished them well in their new life. Her talk was a fascinating one and told of her journey to faith illustrated by the Bibles that she had used at each stage of her life. The Bibles were so interesting and an eye-opener to us that there are so many versions. Later we had a display of beautiful vestments. After questions Jo was warmly thanked.

At the July meeting Tim Rossiter is coming to talk about Jewellery, a subject that is endlessly enthralling, so if you would like to hear him please come along on the second Wednesday of July at 7.30 p.m. You will be very welcome.

There are still places on the Outing to Minehead on the steam train from Bishops Lydeard and back with a cream tea.

We will be delighted to welcome anyone who would like to join us. Please speak to Marion Hulance or Ann Holtham.

Marion had attended the National AGM in Bournemouth at which the two resolutions were passed with huge majorities. One was on maintaining rural bus services (we wait to see whether this has any effect) and the other one was on the smear test for women.

Other items on our busy agendas are the South Clevedon W.I. Quiz where we hope to have two tables.

A Birthday Lunch at the Greedy Goose in October and the Group Carol Service in St. Johns in December.

Several members are attending the Avon Federation AGM at Weston-s-Mare where the main speaker will be Amanda Owen the Yorkshire shepherdess who some of you may have seen on a television programme about her life. We are looking forward to that.

Ann Holtham

Book group.

We continue to meet and discuss our books.
Lively discussions are had about plot and metaphor.
As a group we seem to have developed our own literary taste.

We tend to lean towards the historical.
This is probably why we have chosen the next two books.

'Rebel Heiress' by Fiona Mountain is set in Tickenham court in the year 1662.
The land drainage was the debate of the day as Tickenham was accessible by boat for much of the year.

'Brooklyn' by Colm Toibin set in 1950's is about a young Irish woman who goes to find work in New York.

July 2019.	'Rebel Heiress' by Fiona Mountain.
Aug 2019.	Share and swop what we are currently reading.
Sept 2019.	'Brooklyn' by Colm Toibin.
Oct 2019.	Share and swop what we are currently reading.

Book group.

**NEW! STRATEGY FORUM and VIDEO PRESENTATIONS
*NOW ONLINE***

Avon and Somerset is a large Force Area and attending a NW meeting at the Portishead Police HQ is just not practical for so many people.

To overcome this, we are taking the Strategy Forum ONLINE - so that EVERYONE can join in - from your PC or tablet or mobile - WHEREVER YOU ARE.

This is the first time we have tried this - and it's the way we need to move forward and use technology to shrink Avon and Somerset to 'finger tip' proportions to enable EVERYONE to participate.

So, to help Neighbourhood Watch DEVELOP and LOBBY for improvements in support of Neighbourhood Watch within Avon and Somerset and Nationally, could we invite you to 'click' on;

<https://www.asnwa.org/strategy-questionnaire>

and have a look at the Strategy Planning video presentations, and then most importantly, participate in the STRATEGY PLANNING SURVEY.

THANK YOU!

Kenn Neighbourhood Plan

At their meeting on the 3 June 2019 the Parish Council (PC) were provided with a document with information on the COMMUNITY INFRASTRUCTURE LEVY know as CIL.

What is CIL? CIL is a charge on development that came into force in 2010 (and runs alongside S.106 contributions). The purpose of CIL is to fund infrastructure to support local development. The District Council can choose whether to charge CIL within their area and the levy is usually collected by the Local Planning Authority – for us North Somerset Council does charge.

The Parish Council Share. A PC is entitled to a "Neighbourhood proportion" (NP) of the CIL monies received by the CA. **The amount received depends on whether, or not, the PC has an adopted Neighbourhood Plan in place.**

- **No Neighbourhood Plan** – will receive 15% (capped at £100 per existing council tax dwelling in the Council's area)
- **Adopted Neighbourhood Plan in your area** – will receive 25% of CIL receipts (uncapped)

What can it be spent on? CIL monies can be used to support development of the local area to fund: (a) provision, improvement, replacement, operation or maintenance of infrastructure; or (b) anything else concerned with addressing the demands that development places on an area and includes physical, social and green infrastructure eg Highways; cycleways; education facilities; sports and community halls; parks and play areas. It cannot be used for everyday PC expenditure or for spending on items or services which fall outside the PC's remit. Examples of how CIL monies have been spent include:

- Installing village gates on a main road verge to slow traffic (Bix & Assendon Parish Council)
- Supporting a Town Bus service (Henley on Thames Town Council)
- Ultrafast fibre Broadband (Waterstock Parish Council)

Example of a village gate.

Kenn Parish Council would like to know if Kenn residents want to work towards obtaining a Neighbourhood Plan?

Preparing neighbourhood plans has the opportunity to engage with the wider community right from the beginning of the plan-preparation process, to make sure it genuinely represents the range of wants and needs in the local area.
